KB/26/018 **City and County Cllrs – matters that need to be brought to the Committee’s attention**

No report had been provided by the WCC Cllrs. Cllr Porter has been returned as Councillors for both the WCC Worthies Ward and HCC’s Itchen Valley. He said that HCC was now under no overall control.

KB/26/019 **CGR**

Cllr Watters said that two letters had been sent to WCC on behalf of the Committee (KB/26/005iib). He said that the response from WCC to the first letter had been dismissive and he felt that Mr John had his own agenda and was sticking to it. He said he felt the Committee was being given the brushoff. Cllr Iredale agreed that the Committee’s views were not being taken seriously. Cllr Leone said that when CALA promoted the development to house buyers, they included Barton Meadows as part of the package residents were buying in to. Cllr De Stefano said it was important that Barton Meadows was seen as part of Kings Barton and that residents felt they had influence. He noted that HWPC would be too small to get involved if things went wrong whilst Kings Barton residents were invested in ensuring the management plan was adhered to. Cllr Watters made it clear that the Committee was dissatisfied with WCC’s response to KBC’s letters and said that undertaking an Judicial Review was now a serious option.

The Chair brought item 8 up the agenda

KB/26/020 **Barton Meadows**

a. Evidence of over-grazing

The “Barton Meadows Establishment and Management Plan” stipulated that the area should only have low intensity grazing which means 0.08 life stock unit per hectare. For 24 hectares this would mean 2.2 life stock units or two cows. The photos circulated showed 6 cows. Cllr Cramoysan advised the Committee to refer the matter to enforcement.

Action: Clerk

KB/26/021 **CALA & Winchester Avenue**

a. Walk around Winchester Ave with HCC officers

Cllr Porter had set up a walk around meeting with HCC officers to explain some to the problems of the development road design (KB/26/005i). The meeting for Thursday 2nd July was agreed.

Action: Clerk

b. Traffic Lights at the Andover Rd south junction

The email response from HCC explaining how the Andover Rd traffic lights were set (KB/26/005i) was acknowledged.

c. Parking on the development

The Clerk had spoken to CALA’s employee responsible for parking. He had explained that although discussions were being had with another car enforcement company, CALA was aware that engaging with such companies meant that CALA would have to sign away any control over the how the charges were being taken. CALA was aware this could have negative consequences. He said the Park and Ride would be available in September. Cllr Watters said that enforcement was only required for

Winchester Ave and that the Peter Symonds students were now no longer a problem. Cllr Iredale said they were still parking on side streets. Cllr De Stefano highlighted the concern that parked vehicles may block emergency vehicles access to side roads.

d. 2b plan and open space to be transferred

The map of the 2b area with the open space to be transferred to the PC was noted.

KB/26/022

Playgrounds

a. Update on the transfer of Meadowside Park

The Council's solicitors were saying that CALA needed to provide extra legal documentation but were being slow about doing so. This had brought to the CALA manager's attention who had been asked to get things moving.

Action: Clerk

b. Receive proposals for repairs in Greenfields Park as per notification of last inspection report

The quotation for the repair of site remedials was agreed. The Committee agreed to replace the rocking chickens (which were showing increasing signs of rot) with the brown cow and tractor spring riders for £2675.

There was no update.

KB/26/023

There was no update because there was no further information from CALA. The matter was due to be discussed at the meeting with CALA (KB/26/017b).

Kings Barton Bus

a. Feedback from meeting with HCC

An email with feedback from the meeting with HCC and Community First had been circulated. Cllr Leone said that there were days when the payment machine was not working and that the pricing was still inconsistent. Community First would be addressing the issue of the buses leaving the stops early.

Action: Cllr De Stefano, Clerk

b. Consider possible variations to the route

Cllr De Stefano said that he did not think that the proposal to change the route to go down Stoney Lane should be pursued at this time (KB/26/010a) because it was important for the route to "bed-in". The proposal to extend

the route to the Leisure Centre on a Saturday was considered to be positive. Cllr De Stefano suggested starting later and finishing later on a Saturday. The Clerk said that HCC would be very interested to receive any social media surveys about the service.

Action: Cllr De Stefano, Clerk
